

PRE-MASTER'S COURSES

Prepare yourself for success in your master's degree

www.brookes.ac.uk/international/premasters

WHY STUDY A PRE-MASTER'S AT OXFORD BROOKES?

A pre-master's course will help to make you a successful master's student by developing your research skills, academic writing skills, seminar skills and extended writing skills.

You will also choose from a range of subject modules, studying alongside final year undergraduate students, in your chosen academic area (or take an independent subject module during the Summer Semester).

- Meet the academic and language requirements of your master's
- Gain confidence and experience university life in the UK
- Study for just 12 or 24 weeks
- Give yourself some extra preparation if you've had a break from education
- Build on your subject knowledge if your bachelor's is different from your master's

“I think that this course has really helped me, giving me a introduction to what is expected of me from my future course. I feel really prepared for what's going to come up next, and it helped me explore more of my academic side.”

Delania Marvella Marundrury,
Indonesia, International Pre-Masters
followed by MSc Digital Marketing
